

RE VITA LIZE

REALIZE YOUR INNER BEAUTY

Revitalize Slim is used to dissolve fat pockets. It can be applied to chins, stomachs, hips, legs & any area that required fat reduction

Revitalize Bright Skin is used to treat hyperpigmentation including age spots, melasma (chloasma) and post-inflammatory hyperpigmentation (HIP). It can be applied to face & any area that requires hyperpigmentation treatment.

Revitalize Body restores collagen in the skin and is used to treat signs of ageing, sagging and wrinkles. It can be applied to face & body.

Revitalize Hair is used to treat hair loss, on the scalp, beard and brow areas. It can be used to support the growth after hair transplants and mixed with Revitalize Booster can help treat psoriasis.

Revitalize Pure is used to treat active acne, acne marks, scars and other skin imperfections. It can also be used as a skin booster. It can be applied to face and body

Revitalize Essence Restores elasticity and promotes longer-lasting hydration. This combination makes it a 'hybrid' product offering clients the rejuvenating properties of a top-quality mesotherapy serum whilst physically smoothing wrinkles and skin imperfections

Revitalize Vitamins is not for use on its own, it is designed to combine with other Revitalize serums in the range to provide nutrition and illumination to skin. It can be applied to face & body.

Revitalize Booster is used to treat hair loss, active acne, signs of ageing, scar recovery and boost complexions. It can be applied to scalp, face & any area that requires rejuvenation. Revitalize Booster must not be used on its own, it needs to be mixed with either Revitalize Pure or Revitalize Booster
